

Tuesday, February 19th , 2019

Dear Family of Golda Meir School,

Your child has been invited to join our 2019 Lego Club. All 3rd, 4th, and 5th graders are encouraged to join. Ninth grade mentors will work alongside 3rd, 4th, and 5th graders. Students will explore, create, and share their scientific discoveries as they build, program, and modify projects. As they collaborate, they deeply engage with science, engineering, technology, and coding, sparking a love for experimentation and investigation. The group will meet weekly, every Monday from 3:00-4:30 PM at the Upper Campus room 129. Students should report to parent pick up on club days and Ms. Kastelic will come escort them to the Upper Campus room 129. Parents must provide transportation home and pick up their students by 4:30 PM. Our first Club will be Monday, March 4th. If you have any questions or would like to meet the staff in charge and our 9th graders that will be mentoring your student, feel free to check out our table at our annual STEM Night on Thursday, Feb. 21st on the 1st floor of the Upper Campus from 5:30 – 7:30 or pop into our next session, next Monday, Feb. 25 from 2:45 – 5:00 in Rm. 129 in the Upper Campus.

Sincerely,
Ms. Kastelic
