4th-8th grade students have been celebrating March Madness with learning correct techniques on how to shoot a basketball. The middle school students have the option to participate in the annual March Madness 2-Ball tournament.

K-3rd grade students just finished up with a couple Dr. Seuss activities and now have been working on coordination with balloons and striking with paddles!

Please remember to make sure the students have proper gym shoes on their gym days!

Music

Happy spring! Students in the elementary grades have begun working on music for their performance in the Multicultural show. They are very excited to learn about the origins of the song they are working on and preparing it for performance! Just as a reminder the date of the performance has **CHANGED** to April 26th. Students who participated in the *LinkUp: The Orchestra Moves* concert in March with the Milwaukee Symphony Orchestra did a fabulous job performing with the MSO and really enjoyed hearing the orchestra play the music we have been studying over the past three months!
